DEDICATION

To the parents of the community who have watched over us all our lives and given of their time and counsel, who have made great sacrifices that we might have our every wish who have guided us in our difficulties and rejoiced with us over our successes, who have staunch belief in a brilliant future lying before us, we, the students of Morgan Park High School, dedicate this yearbook.

FOREWORD

Chicago's plan for the new World's Fair, suggests as a theme for our Annual the Columbian Exposition. Just as that great exposition assembled the beauty and high achievement of the preceding years so we have tried to set forth the phases of our school life which have contributed lasting beauty and permanent power to our lives. By this means we hope to keep alive the memories of a happy year.

TO OUR FRIENDS THE PARENTS

This book, boys and girls, is dedicated to your parents, who are watching your progress with anxious devotion, never failing loyalty, and an eager willingness to make any sacrifice for your good, to the end that you may grow to be useful members of society. The dedication of this year book to them is an acknowledgment, on our part, of the encouragement and invaluable aid they have given us in our endeavor to "bend the twig as the tree should grow."

In this day and generation, when most "chicks believe themselves wiser than the hens," if I may make use of an old adage, it may not be out of place to remind you that your parents are your best friends. Hold them and their counsels ever dear to your hearts!

Parents, this school is the play ground and the work shop of your children. Thus it is a most important part of your home and is yours from top to bottom.

It is, indeed, your grave responsibility, and your great privilege as well, to keep this "home" in order. Remember that you are always more than welcome here.

DUANE COLBURN

A MESSAGE TO THE STUDENTS

You, now, are the students of Morgan Park High School. A year ago, I was a student there and was just completing some of the happiest years of my life. It is you, now, who are going to make the Morgan Park of the future—are you going to make it a better school or are you going to shirk your task? It is your responsibility. Morgan Park has the reputation for being a friendly school, a school where everyone knows his fellow students, a school where all work and coöperate to make their Alma Mater one with a long list of achievements—a school, most of all, that they are proud of and love.

Dean B. G. Nelson of the University of Chicago was told by one of the teachers who used to substitute in the high schools, that of all the high schools in Chicago, Morgan Park was the one that impressed her most and which she liked the best. She was impressed by the fine class of students there, and by their friendliness, and school spirit. That is the reputation that *your* school has. Are you going to carry on? I adjure you—you must *want* to. From Morgan Park you will get ideals, love of truth, appreciation of beauty and good music—those ideals will remain with you throughout your life and shape your future actions.

I owe much to Morgan Park and realize it. I look back with love and a memory of good teachers, cheerful fellow students, and happy times. It was a place of preparation—now in college I am putting into practice the things taught me in high school.

I am wishing you love of your school, a spirit to work, and most of all, my former fellow students of Empehi, I wish you the best luck in the world.

ARTHUR O'MEARA,
Editor-in-Chief, 1928 Empehi,
University of Chicago.

THE VOICE OF THE ALUMNI

CHARLES BAKER
Phi Gamma Delta

Denison University

"If you are looking for an ideal small college, come down to Denison and join the rest of us. I am having a wonderful time down here among all my friends. Good luck, Empehi, and lots of it."

ROBERT CLARK

University of Michigan

"Congratulations on the '29 Annual. When better Annuals are printed, Empehi will print them."

MARGERY LILLY

University of Chicago

"Hello folks at Empehi! Don't make that mistake in high school of thinking that Chicago just isn't a place where you can have fun, a place that doesn't rate! It is said to be very hard but it isn't! And they say, too, that our football team is the worst there is, but it isn't! Really, the University of Chicago is the best place there is!"

LEE DAVIS

Northwestern

Monocoan Fraternity

"Howdy, how is everybody? You all may have your choice but Northwestern is THE school."

"I should like to spend my last days at Empehi again, however, especially on the basketball floor, but Northwestern has a basketball floor, too, which I tried out on the freshman squad and hope to try on the varsity."

"Here's to your future luck."

RUTH VAN DYKE

Hope College

"Hello, everybody! Congratulations for all the wonderful things you have accomplished this year. I can't imagine that I have been an alumna for so long and wish many times to be back at Morgan Park. But college is another wonderful experience. Empehi is THE school, though, and when you are all out you, too, will be proud alumni."

JACK THOMPSON

Bradley

"Hello, everyone. How's everything? I hear that M. P. is going strong this year. More power to you. In choosing your school next year don't forget Bradley. It's a great place."

FRANK C. SPECHT

Business

"Hello, everybody. Best of luck to the class of '29. It seems good to be back to Empehi, if only on a printed page. I sure wish I was there in person. Congratulations and sincere wishes for a successful future."

WALLACE DRUECK

Crane College

"Hello, fellows—Crane is still the city. That's the only trouble with it, it is too near home to be comfortable. Best of luck!"

HERBERT FRIEL

University of Michigan

"It wasn't until I graduated that I realized how proud I was of Morgan Park. My best wishes to all of you for great success in all your undertakings in future years."

MARGARET HEPPES

Rockford College

"Hi, folks. Howdy. How about coming to Rockford? It's a great school—for eating! We wish you plenty of luck and you'll surely need it, wot we mean! Hope we'll see you all next year at the right place—Rockford."

ALLEN FLAGLER

Denison University

Phi Gamma Delta

"If you're looking for a school with a lot of pep and spirit, come down to Denison. Best wishes to the class of '29."

FLORENCE McCULLAGH

University of Chicago

"Although the U. of C. is a wonderful school and I am very glad to be there, I always welcome an opportunity to return to Empehi for a visit. The longer I am away, the more strongly I believe in the old saying: 'Absence makes the heart grow fonder'."

WALLACE MICKELBERRY

University of Illinois

Alpha Delta Phi

"Just a few words of greeting to my friends at Morgan Park. I hope to see many of you down here next fall because I don't want to see your education ruined after you have received such a good start by struggling through four years at Empehi."

CAROL RAMER

Monmouth College

"Naturally anyone first going to college is homesick, but Monmouth is a pretty keen place to make you forget that. I wish all of you who are graduating from Empehi the best of luck, and I should love to see several of you down here."

ROBERT PALMER

Northwestern

"Hello, gang! Tex, Hank, and Wes, and I have it all worked out that the only real remedy for the extremely sad business of leaving Empehi for the last time is to do the same act all over again at N. U. That doesn't mean just the journalists, either, but all of you! See you later."

GERRIT DANGREMOND

Crane Junior College

"Hello everybody! Were it but original with me, I would say—'On behalf of the class of '28, I extend my sincerest congratulations upon your struggling through a year without our class.' Congratulations on your many achievements, and best of luck to the classes of '29."

ROBERT LEE

University of Illinois

Delta Alpha Epsilon

"Hello, children. Work hard in high school and then you can have a wonderful time in college."

DOROTHY ADAMS

Dancing Teacher

"'Absence makes the heart grow fonder', and, dear old Morgan Park, that is true. If I were given a wish it would be that I could be just starting with you again. Best of luck!"

THEODORE HERR

Employee of Consumers Sanitary Coffee and Butter Stores

"Hello, everyone. I have been in the business world for one long year and still say that Morgan Park is a great place. More power to the football squad for next season, and to you fellows who lack stature, I'm sure that you will be able to find great quantities of brawn building 'Cornflakes' in your nearest Consumers Store. May I congratulate the class of '29 and may your future hold nothing but success."

ADDALAIGN MORGAN

University of Alabama

Alpha Gamma Delta

"'Hey everyone, how do you do?' That's all you'll hear if you come to Alabama. I hope you all who love a good school with plenty of 'it' will come South, for you surely can have a good time."

DOROTHY DIEMER

Chicago Normal

"Say, it's awful to spend my days so close to Parker. Here's wishing you the best of luck in every game you play."

CHARLES DOERR

Notre Dame

"Howdy, everyone. Best wishes to everybody at Empehi. Think of Notre Dame when choosing your next school, fellows. We welcome you and wish to see more fellows from Empehi in our ranks next September."

RUTH GARDENER

University of Illinois

"Hello, everybody. If you're planning to go to college, the best school on earth, next to Morgan Park, is Illinois!"

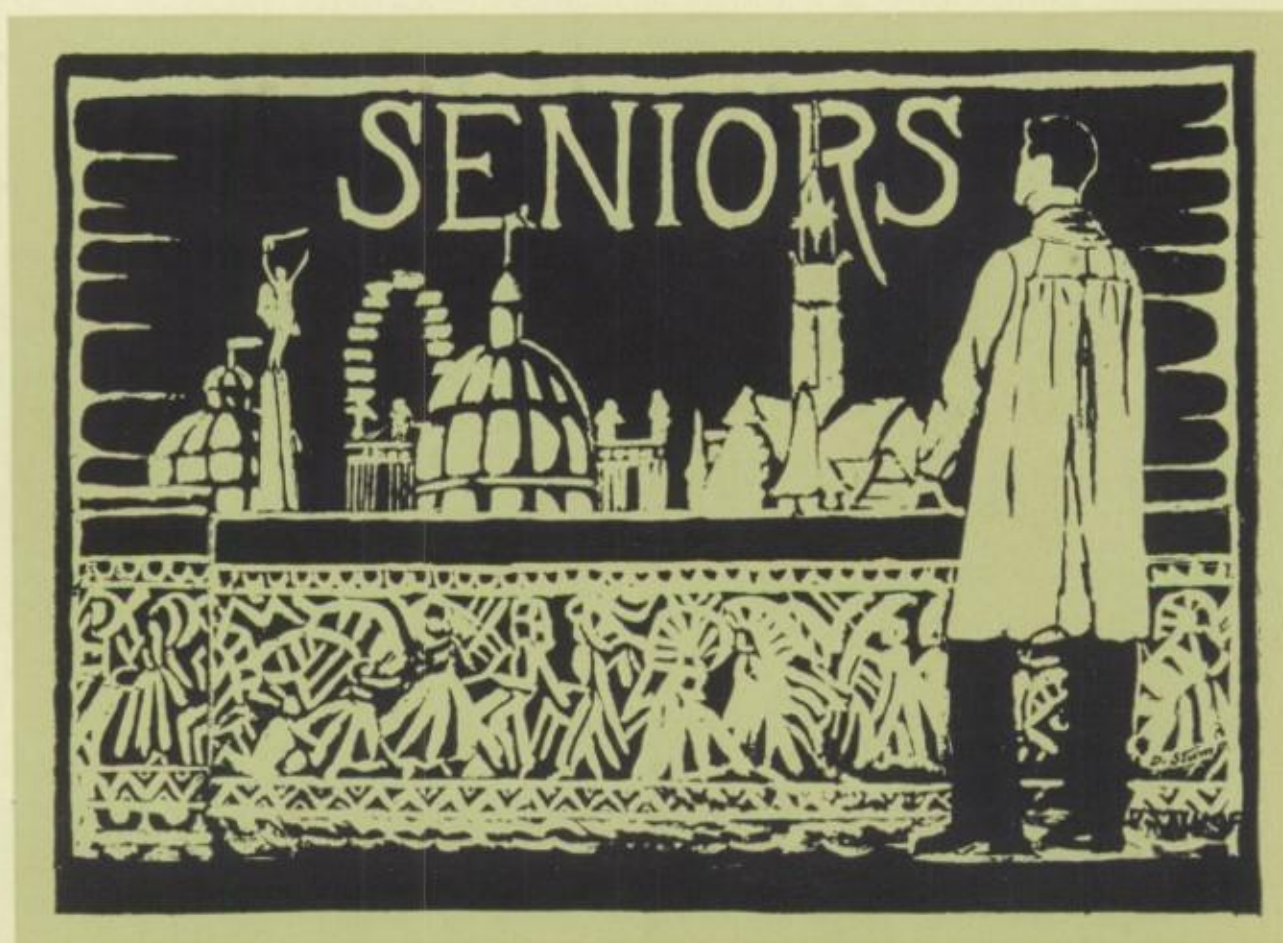

EDWIN CHAMBERS

University of Ohio

"Greetings to Morgan Park from the Ohio State University where you find the culture of the East and the spirit of the West."

CLASSES

Senior Message

Seniors! The very word suggests a multitude of thoughts, pleasant memories of the past, hopeful eagerness for the future, and yet an indescribable longing to stay right here at Empehi and enjoy to its fullest extent that happiness which seems only to have begun. What a curious mixture of emotions we are conscious of as graduation time draws near! At one moment comes the realization that we have reached the top after a long struggle, and the satisfaction of looking down from an elevated height, with something of the feeling that an emperor has when surveying his realm for the first time. The ideals towards which we have successfully climbed, we now leave for others to attain. But when we look ahead, all that feeling of security and self-confidence leaves us, and, like fledgelings about to make their first feeble flight, we look timidly around, half afraid to leave the home which has so long sheltered us. But then, after our wings have become strong, and we are successfully on our way, we shall look back with pleasure at our senior days in high school when we were at the same time emperors and fledgelings.

—Helen Morgan, '29.

WHO'S WHO, FEBRUARY 1929

BEATRICE EAGLE

Although small, every inch of "Beatie's" five feet two is bubbling over with energy and carefree friendliness. These are the characteristics which have made her so popular throughout her four years in Empehi.

"Beatie" is an excellent harpist. We have all sat spellbound while she played her harp at our assemblies. Her musical talent has also been shown in the chorus work of the last two operas.

As a result of her work, she has been a member of Tau Epsilon for four years, and now stands with the second highest average in her graduating class.

As a further pinnacle of popularity and executive ability, in her senior year, she was chosen by her classmates to be their vice-president.

When we lose "Beatie" we feel as if a large bit of gladness and enthusiasm is gone, and yet we all heartily wish her the best of happiness in the future.

BRUCE LADD

A genial personality and a remarkable executive ability have won Bruce a lasting place in Empehi. His popularity and leadership led his classmates to choose him for "Who's Who."

Throughout his four years in high school, he has been unusually active in school affairs. In his third year, he was a member of the Civic Committee and the Management Committee; and in his senior year, he belonged to the Emblem Club and Tau Epsilon. He has been in the R. O. T. C. for four years, and, due to his good work in that organization, he was promoted to the rank of Cadet Captain.

Bruce has also been vitally interested in athletics. When he was a junior, he played on the interclass football team. In his fourth year, he proved himself to be a fine addition to the football team, winning his major letter.

The February graduating class of 1929 showed their appreciation by electing him president. Bruce's friendliness and capability will long be missed at Empehi.

WHO'S WHO

WHO'S WHO, JUNE 1929

ROBERT BURNAM

A quiet manner often masks the rare ability of a leader, and Robert Burnam has proved this to be a fact. His interest in the school helped to make him a valuable member of both the swimming and basketball teams, a Captain in the R. O. T. C., and a member of Tau Epsilon.

In his sophomore year, he became connected with the Student Association, as a member of the Civic Committee; during his third year he served on both the Management and Social Committees. In recognition of his administrative ability combined with popularity among his fellow students, the school conferred its highest honor upon him last June, by electing him president of the Student Association. Bob has been a popular president because of his dignity in conducting the assemblies and because of his democratic attitude of friendliness toward all his classmates.

DOROTHY LLOYD

There are few people at Morgan Park who do not know Dorothy Lloyd. She is one of the most popular, efficient, and representative members of her class. As a result of the prominent part "Dot" has taken in school activities, she was elected Vice-President of the Student's Association in her senior year.

During her last year she was a member of the Management Committee, Tau Epsilon, the Annual Staff, and the Pep Committee. She also took part in the Christmas Festival.

For a long time, "Dot" has been known as a dancer and actress of exceptional ability. She was a member of the Dancing Club as a freshman and junior, and being an active member of the Dramatic Club, held an important part in the production of "It Pays to Advertise."

"Dot's" personality is the secret of her success and her great popularity is due to her leadership and keen sense of humor. Morgan Park will always be proud to claim her as one of its students.

Best of Jack Haliday

WHO'S WHO

WHO'S WHO, JUNE 1929

JACK HALIDAY

Undoubtedly everyone in Morgan Park knows of Jack's acting ability. Since his Freshman year, he has been very much interested in the Dramatic Club, and has been president of the club for the past two years. Jack's acting in "Hurry, Hurry, Hurry," and "Thank You Doctor" convinced us all that he was fitted for the stage.

However, as interested as he was in dramatics, he did not limit himself to one activity. He was the secretary of the Literary Club, and a member of the Spanish Club, and of the R. O. T. C. Jack's popularity with all who knew him, together with his calmness and capableness in handling any situation were influential in gaining for him the presidency of the senior class.

Morgan Park will no doubt hear of Jack in future years still gaining fame and popularity by his dramatic ability.

MAURENE FREY

Maurene with her striking personality, enthusiasm, and capability, was destined to become popular at Empehi. She has fulfilled that destiny beyond a doubt.

Soon after her arrival at Morgan Park, Maurene's delightful dancing ability was discovered and put into immediate action in three of our operas. Nor is she lacking in talent as an actress; this is evident to all of us who saw her with leading roles in the Dramatic Club's production "Hurry, Hurry, Hurry." She also won first place in the Oratorical contest last year. Besides being extremely well versed along artistic lines, Maurene is a member of 'Tau Epsilon. She was Vice-President of the Student Association in her senior year, as well as being a member of Quilpen, the Dramatic Club, and the Dancing Club. As a fitting mark of esteem, she was appointed Editor-in-Chief of this annual.

Maurene is indeed a representative student, as all of us well realize, and is worthy of the appreciation which her class has shown by electing her the most representative girl. We are proud of Maurene—she is a student of great merit.

Junior Message

Juniors! What joyous, grand, and glorious days are experienced by us who have two full and pleasant years of school life to look back upon; two years of hard study and deep concentration that formed the steps by which we climbed to our third year, the most brilliant and productive of all. What wholesome pleasures we have enjoyed during this, our junior year, what special favors are bestowed upon us as we change from sophomores to upper classmen; juniors, who in their pleasures and activities, are just the very peak of school life.

They are looked up to by the freshmen, who are exceedingly inexperienced and who long for the distant day when they too will be juniors. Sophomores go their way, rejoicing in their superiority over the freshmen, but trying very hard to do and say the things that juniors do and say. Even the seniors, dignified and imposing as they are, serene in their much admired and looked-up positions, when confronted with the thought of all that lies ahead of them after graduation, look back with a touch of longing and regret at those good old days when they were juniors, too.

A Sophomore's Joy

No longer must I bear the jeers,
 Flung at the lowly Freshman's door;
No longer feel their woes and fears,
 For I'm a mighty Sophomore!

I pass up Freshmen in the hall,
 I can even pass my prof;
I guess I'm what you'd like to call,
 A quite sophisticated Soph!

I've passed the first milestone, and now,
 I might improve my score,
I'm proud as Lucifer—and how!
 I love to be a Sophomore!

I'm sure when I'm a Senior great,
 And, at the struggling Juniors scoff,
I'll never of my glories prate,
 As now when I'm a Soph!

So, class mates true—come sing with me,
 Our anthem upward soars,
A joyous hymn, because, you see,
 We're glad we're Sophomores!

We're only Freshmen now, you know,
We may be small, but we will grow.
And, Seniors, in a year or two
We may know more than even *you*!

While you now walk, or take the train,
Why, we'll come in an aeroplane!
While you take field trips to the dunes,
We'll take them to the stars and moons!

When our lessons we would learn,
Then to the radio we'll turn.
'Twill tell us all the science news,
While television gives us views.

You tease us now because we're small;
It's nothing wondrous to be tall!
So don't you think we're smart as you?
Just wait till 1932!

THE STUDENT ASSOCIATION

By MARJORIE GOLLER

ROBERT BURNAM	President
DOROTHY LLOYD	First Vice-President
BALDWIN BINGHAM	Second Vice-President
WILLARD JOHANNSEN	Secretary
MR. MAYSACK	Faculty Treasurer

The Student Association is open to the entire school. Each June the students elect a president, first vice-president, second vice-president, and secretary. Mr. Maysack is the competent faculty treasurer. The president presides at all the assemblies and over the Management Committee. The first vice-president is the chairman of the Board of Control. The second vice-president is the head of the Social Committee.

Each semester, each division room elects a room-chairman, vice-chairman, secretary, treasurer, and annual collector. The room chairmen form the Management Committee, of which Mr. Schoch is the judicious faculty adviser. The vice-chairmen make up the Civic Committee under the clever leadership of Miss Mackin. One chief project of this committee is to direct the annual clean-up campaign. The secretaries of the divisions take the attendance, the treasurers collect the Student Association dues, and the annual collectors have charge of the subscriptions for the Annual.

The Board of Control, composed of the presidents of the organizations of the school, must pass on all business matters. Captain Lorentz is its helpful counselor.

Every student should feel it his duty and privilege to join the Student Association. The dues are a dollar-fifty a semester. Membership gives one a weekly copy of the Empehi News, the opportunity of attending all the social functions of the school, and the privilege of belonging to any of its activities. Any surplus funds are devoted to school projects.

Tau Epsilon, Morgan Park's honor society, has brought to a close its fourth successful year. The increase in membership has highly surpassed the expectations of everyone.

The party for the new upper classmen, given October second, was, as usual, the society's opening social affair. Dr. Gilkey, of the University of Chicago Chapel, honored the society by speaking for an assembly January eighth. The whole society took part in the birthday assembly of March first. Songs, representing the various classes, were sung by the entire society. Some of the students made short birthday greetings; and Miss Nicely, of the faculty, spoke.

Two movies were given, the proceeds of which were presented to Mr. Schoch for the benefit of the Scholarship Fund.

Tau Epsilon wishes to express its sincerest appreciation to Miss Conlan for her helpful sponsorship, and to Mr. Schoch for his constant encouragement.

THE EMPEHI NEWS

By WILLARD JOHANNSEN

"By Bob Crandall", a phrase frequently seen in the columns of the Empehi News during previous semesters heralded stories by the editor in the fall semester; the phrase originated on the sports page, but last fall, occurred at the beginning of an assortment of news stories as wide as the fifty-seven varieties of Heinz. Assisted by a dependable staff, Crandall essayed numerous journalistic stunts for the entertainment of the students, and maintained their interest in the newspaper financed by the Student Association.

National events appeared in the columns of the Empehi News during the year. On Thursday before the presidential election, a straw vote was held by the Student Association between the two leading candidates, Smith and Hoover, and a special edition of the newspaper, the following day carried the results.

The Christmas issue featured a six page edition containing short stories of the season. During the second semester, once a month, an extra two pages were added to the regular size of the publication.

The business staff during the first semester, opened an advertising campaign in which they stressed the value of high school newspaper advertisements, but refused the "charity" advertisements. To improve the value to advertisers, Barringer Baker secured a cut service to illustrate the advertisements. The

second semester under management of William Alexander, the business staff increased the revenue from advertising and systematized the accounts.

At the meeting of the Illinois State Press Convention, November 22-24, Morgan Park was represented by Ruth Paddock. Two previous issues of the Empehi News were sent to the meeting and distinguished rating was awarded it.

In the spring Morgan Park was always represented at the journalism meetings held by Professor H. F. Harrington at the Medill School of Journalism, of Northwestern University. With the majority of the high schools in and about Chicago sending delegates to the meetings, ideas were exchanged and as a result, some of the suggestions were put into practical use in the Empehi News.

Miss Margaret Sturgeon became faculty adviser of the publication at the beginning of the school year. Election to the office of president of the Illinois State Association of Teachers of Journalistic Writing is proof of her ability to oversee the work on the Empehi News.

Ruth Paddock succeeded Robert Crandall as editor, when the latter was graduated in the middle of the year. The new girl editor set out with the right idea, by promising to publish the best paper ever seen in Morgan Park.

One of the experiments was competition between the boys and girls on the staff. The former group managed the first of the two papers, and covered such meetings as the Girl Reserves, and other girl activities. The latter group published the following issue with an extra two pages. One of these—on the customary sport page—was entirely devoted to fashions.

Because of the mid-year graduation four members were lost for farther work on the paper. Besides the editor, Robert Crandall, Virginia Strobel, conductor of the Student Opinion column, Henry Barbour, the literary critic, and James Hartley, circulation manager did hard work on the newspaper. Ruth Paddock, editor, Mary Sturges, associate editor, and Miriam Blew, society editor, compose the group of journalism workers who will discontinue their work on the Empehi News because of graduation in June.

The Staff during the first semester was composed of: Robert Crandall, editor-in-chief; Ruth Paddock, associate editor; Mary Sturges, news editor; Willard Johannsen, sports editor; Alberta Killie, copy editor; Ruth Shea, headline writer; Mary Brennan, desk manager; William Alexander, Chaff; Virginia Strobel, Student Opinion; Roger Boylan, features; Helen Miller, editorial writer; Henry Barbour, literary critic; Sara Jean Dearborn, What's What; Ivan Porter, Blotter; Sidney Stevens, sports; Christine Schlepowicz, typist; Lyman Gilbert, proof reader. The business staff consists of: James Hartley, circulation manager; David Patton, assistant circulation manager; Barringer Baker, advertising manager; Mary Louise Heald, school advertising; Marion Voigt, advertising copy writer.

In February, the members of the staff were; Ruth Paddock, editor-in-chief; Willard Johannsen, Mary Sturges, and Sara Jean Dearborn, associate editors; Evelyn Grage, Lyman Gilbert, and Ruth Shea, assistant editors; Mary Brannan, Roger Boylan, Ella Duwaine Reed, news editors. The departments were in charge of: Major Stephens and Sidney Stevens, sports; Alberta Killie, literary; Miriam Blew, society; Jean Ann Slocum and Charles Haliday, Chaff; Emma Rehling, Student Opinion; Margaret Rider, features; Ivan Porter, art.

The business staff consisted of William Alexander, business manager; Helen Miller, exchange editor; David Patton, circulation manager; Harold Zink, assistant circulation manager; Mary Louise Heald, advertising manager; Jack Pittsford, assistant advertising manager; Christine Schlepowicz, and Irene Moore, typists.

The Literary Club made its debut this semester, and developed into a helpful and interesting organization. Its object is to promote an interest in books, authors, and other lines of literature. Judging from its increase in popularity, its object has been reached.

The Literary Club intends to keep its membership low, so that it will seem more of a social gathering than a club. Round table discussions are often a way of attaining new information and ideals. There are two meetings a month, one is informal the other formal. When the meetings are prepared, speakers are generally secured from the outside to speak on subjects of interest to the club.

During the semester the club plans on seeing all of the important plays, and attending lectures which are given by well-known authors.

The Herald and Examiner run a contest for high school students who wish to make contributions. All book reviews that are written may receive a ten dollar reward.

The club owes its existence to Miss Behm who has so willingly given much of her time, and who has made everyone so enthusiastic over the work.

Quipen, a literary club, was first organized four years ago with the purpose of advancing literary interest at Morgan Park High School.

Under the leadership of Miss Lillian Condit, the faculty adviser at that time, the society published the first "Quilpen" in January 1928. Since then a magazine has been published each semester with the prize winning articles of the contestants, and other material of literary value, written by members of the club.

It is the only club in which membership may be obtained by being a prize winner in a contest conducted each semester by the society. Until this semester only a few students have been eligible for membership each semester. At the beginning of the year, Quilpen introduced a new method by which students may become associate members by application; that is, the student must have an excellent grade in English and must write three papers which are to be submitted to the club.

Under the able leadership of Miss Elsie R. Larson, Quilpen has striven to maintain its purpose in promoting interest in writing among the students.

The Art Club is under the direction of Miss Hotchkiss, instructor of the art work at Morgan Park High School. Originally, this club was formed for the purpose of making drawings for cuts and mounting pictures for the Annual. Now the work also includes cartoons for the "Empehi News," and posters for all the school activities, particularly the yearly operas and clean-up campaigns.

A novel project, one of interior decorating was undertaken this last semester. A committee under Betty Mosnat planned the color scheme of the social room and decorated the social kitchenette.

Two interesting assemblies were presented: a chalk talk by Dudley Crafts Watson, and a talk on sculpture by Lorado Taft.

For originality and technique in the treatment of the "World's Fair," the theme of the Annual, special mention is due to Dorothy Stump and Edward Christman for the senior panels; George Christie for the fine lettering; Franklin Reed, Alfred Wilson, and George Smith for their assistance in lettering the division pages; Helen Hawksley for the mounting of senior panels; and Winifred Burns for the snap-shot pages.

Girl Reserves are always striving for higher ideals. Chief among these is the ideal of service. It is the aim of the Girl Reserves to extend service work both in school and out. Their newest service to the Community was a Valentine Party given to the children of the Morgan Park Home for Dependent Children. They are continuing the work of furnishing the social room in order to make the room a comfortable meeting place for clubs in the school. They want their contributions to the scholarship fund to help more than one student to continue his education. In doing this work, the Girl Reserves try to live up to that part of the Morgan Park Creed which says, "May we ever reach for that which is a little beyond."

THE RESERVE OFFICERS' TRAINING CORPS

By MARK GUERIN

The Reserve Officers' Training Corps of Morgan Park consists of three companies and band. Governed by the Officers' Club, made up of all commissioned officers, it supplies the school with many important details such as the hall-guards, traffic squad, office orderlies, and telephone operators, flag detail, usher force, fire guards, and locker inspectors.

During the year, the R. O. T. C. participated in all the city contests both in drill and in riflery. The band placed first in the concert competition of class "D" bands, and competed in the marching band contest.

As the following list shows, the R. O. T. C. was also very active socially. It gave a community Hallowe'en party, the annual military ball, the Armistice Day programs, the Memorial Day programs, the P. T. A. program, the program for Major General Malone, two movies, and the Boys' Day celebration. It gave its services at the Notre Dame-Navy football game, the Lincoln celebration, as a guard of honor for the crew of the Graf Zeppelin and for the Anzacs, and at the funerals of war veterans. In recognition of its services, the Officers' Club was entertained on April 11th by the American Legion.

Many contests were held within the battalion, and a number of cups and medals awarded as a stimulus to the spirit of the organization.

The unit feels that under the leadership of Majors Smith and Bennett, it has completed a most successful year.

Twenty-six boys composed the total membership of the Hi-Y this year, nineteen of whom were taken in as a body in September.

The purpose of the club is to promote cleaner thoughts, better sportsmanship, and higher Christian character among all the boys in the school. Since February, the club has been under the direct sponsorship of the Central Y.M.C.A. which keeps in constant touch with it and its affairs.

The fellows have had a lot of fun like week-end trips to the dunes, along with their duties.

This year the Hi-Y has not been quite so active as it has been in preceding years. Since so many new members came in at once, co-operation was not worked up until rather late in the year. Some of the things done were the presenting of a gold football to the most valuable player, the giving of two Christmas baskets, and the planning of an assembly in April.

The plans, under the new rules of the club, are to take in from five to ten new members in June, all of which must be juniors or seniors.

The Equestrian Club was organized in the spring of 1927 by Miss Kurz, our enthusiastic sponsor. The original members were girls from the sophomore, junior, and senior classes only, but the rules have since been revised so as to admit freshmen.

The purpose Miss Kurz had in mind when she gathered together the original group of riders was to promote horsemanship among the girls and to offer them an out-of-door sport, wholesome, and full of pep. Judging by the enthusiastic and healthy spirits of the girls, this purpose has been realized.

During the spring and fall the advanced riders canter or post along the Midway and through Washington Park, while the beginners spend their first few lessons in the indoor arena of the academy learning the essentials of guiding, posting, and cantering. Last June the club enjoyed several delightful two hour rides in addition to the regular program.

During the few months of winter the girls eagerly look forward to the spring when they can again ride like the wind over the soft bridle-paths or trot along at an easy comfortable pace.

One of Empehi's most popular clubs is the Dancing Club. All girls who love to dance, and have had enough experience to enable them to pass the entrance requirements, are eligible for membership.

"The Christmas Dance Festival," a unique collection of dances, was staged last December by the club. All kinds of dolls; Spanish, Polish, Japanese, Russian, and French; teddy-bears, a marionette, and clowns together with fairies, elves, and Santa Clause, charmed their spectators with many gay steps. Various types of dancing, clog, toe, interpretive, folk, and athletic, gave variety to the program.

Dancers from this club play a very important part in the school operas, as they make up the ballet. The Dancing Club has done a great deal towards making our opera, "Jerry of Jericho Road," a success.

The Hobby Club was organized last semester, as a medium through which collectors of stamps or coins could find others wishing to exchange with them. The Club has been fortunate in securing Miss Livingston as faculty adviser.

It is a good place, not only to get interested in a hobby, but to start one. The members are only too glad to help others start a collection, if it is the same as theirs. Anyone interested in making collections, such as stamps, coins, china, antiques, glass, Indian goods, relics, and weapons are especially welcome, as there are more members collecting these things.

Many stamp companies give special reductions to clubs, and we, of course, take advantage of this. As a result, many fine stamps are bought at much lower prices.

Next semester, the club plans to take several trips to places of interest, such as the Chicago Historical Society, the Art Institute, and the Field Museum.

From time to time, many interesting talks have been given on the making and water-marking of stamps, history and secret markings of money, and United States Mints.

In order to keep abreast of the times, the Empehi Aero Club has been organized. The object of the club is to promote interest in aviation among the students of Morgan Park High School; to assist and encourage members in building model aircraft; to enter scale and flying models in competition; and to study gliders.

There are club members interested in the building of both original and demonstrated model airplanes, all of which have been shown in trials and contests.

Instruction is afforded the club in the fundamentals of aviation, by its efficient instructor, and the members are much indebted to Mr. Hunter.

It has been planned to build an approved type of glider. This glider, it is hoped, will be of interest to the community as well as the school, and may lead to the formation of a glider club.

"El Circulo Español" was organized almost two years ago. All students who have completed two semesters of Spanish are eligible for membership.

In the fall term, it had a Spanish picnic in Palos Park, and for an assembly, gave a Spanish play representing a street scene. In the spring term, the club gave their annual Fiesta which is a banquet, attended only by those who wear Spanish costumes. This was to commemorate the life of Miguel Cervantes, the great Spanish author of "Don Quixote."

Under the capable leadership of Miss Margaret Brown, the faculty adviser, the club has steadily advanced and has been able to donate several gifts to the school in the way of money and a picture.

The second semester of existence of the "Cercle Renaissance Français," or as it is commonly known, "The French Club," has assured a glorious future for this organization, as was proved by its new undertakings.

Thanks to our untiring adviser, Mlle. Marie Bellinghausen, the French Club has very successfully put over an assembly, the first of its kind ever to be given in Morgan Park High School. Although it was conducted entirely in French and had an absolutely French atmosphere, it was enjoyed by the audience who either through Latin or Spanish, succeeded in understanding many words.

The use of only the French language in all meetings was especially emphasized this year, and the results on the ability of fluent French speaking by the members have been great, according to Mlle. Bellinghausen.

The Zoo'ogy Club has lived up to its reputation as a scientific organization. In the fall, Miss Bell was our faculty adviser, then in February, Miss Babcock returned to fill her former position.

The club has successfully managed several excursions, among them the semi-annual trip to the dunes and a trip to the General Biological Supply House.

Two assemblies at which movies were shown, have been given this year. The first was "Sea Birds and Coral Sands," furnished by the Lincoln Park Museum of Natural History; and the second one, supplied through the Isaac Walton League, showed various phases of fish propagation.

In the fall an etching, "The New York Battery," was presented to the school for the collection being hung in the halls.

Under the able supervision of Miss Monsch, faculty adviser, the Botany Club has passed another milestone in its attempt to inspire the students with a love of nature and admiration of its beauty.

The most important trips of the year were the ones to the chrysanthemum show at Garfield Park, to the sand dunes, and to the flower show at the Sherman Hotel. The club has also heard some very fine lectures, among them being one by Eldred Green '27, a former president; and an illustrated one by Robert Heiskell on his trip abroad.

The annual flower show, the terrarium, aquarium, and model home show causes the club to feel that it has passed through a most happy and prosperous year.

The Faraday Club, a combination of the old Physics and Chemistry Clubs, is an organization new this year. With Mr. Hall and Mr. Gay as its faculty advisers, it has become one of the largest organizations in the school.

The club has aimed to present to the student the interesting and practical sides of physics and chemistry, and it feels that it has been very successful in fulfilling its aim. Although few in number, the speakers have been of such quality that they amply made up for their scarcity. The club was fortunate in obtaining such authorities as Mr. Peterson of the chemical department of the American Medical Association, Mrs. Behm from the Quaker Oats Company, Professor Parmelee of the Department of Ceramics of the University of Illinois, and Dean Penn of the Engineering Department at Armour Institute, all of whom had first-hand knowledge of their subjects. The fact that the club has a membership of one hundred twenty-three is evidence of the enthusiasm with these speakers were received.

If the Faraday Club can continue with as large a membership as it has at the close of this year, it will feel that it is a success.

Top Row—Bennett, Longley, Harlow, Christie, Stoddard, Mingea, Ehringer, Baker, Sennstrom, Anderson, Coleman.

FARADAY CLUB (Continued)

Mr. Gay and Mr. Hall have also endeavored to create in the Faraday Club members a personal interest in physics and chemistry. Their success is shown by the fine research and experimental work done by individuals. In the Physics department a complete telegraph outfit has been built and three telephone sets installed. Members have brought in many appliances, both electrical and otherwise, for investigation and study, and much useful information has been derived from them. Some of the members have built an apparatus from which they expect to obtain nearly two million volts of electricity. Another group has written some very fine papers on such widely separated subjects as Claude Neon lights and Einstein's relativity theory. In the chemistry department, students have even gone so far as to equip private laboratories in their homes, in which they not only do their regular school work, but also much useful and interesting experimental and research work "on their own hook."

Morgan Park High School is fortunate in having an organization which enlarges on the regular college preparatory work of the physics and chemistry classes. On account of the work of this organization and that of its faculty advisers, students are made to realize the magnitude of the fields these subjects encompass and are given a liking for them which they could obtain in almost no other way.

The Girls' Stage Craft Club was organized two years ago by Mrs. Sheehy for the purpose of giving the girls a chance to learn about stage craft and costume design. Since the club has been organized the girls design costumes for the operas and the different entertainments during the year.

There are no requirements necessary to belong to the club although if you know any thing about design, it is interesting to create the design for the costume, and then work it out until it is a completed costume. The Stage Craft class meets every day eighth period, and the Stage Craft Club has only special meetings when called by the faculty adviser or the president.

We hope that soon we can establish a regular wardrobe room for the school and add costumes from all the entertainments. By doing this we hope to eliminate some of the work at times of preparations for our stage productions.

THE BAND

By JAMES REPP

The R. O. T. C. Band has made remarkable progress during the past year under the direction of our energetic and capable bandmaster, Captain Guy Hartle. Captain Hartle came to Empehi from Lindblom High School, where he was assistant director of the band. Our band assisted the Morgan Park Woman's Club Chorus at their concert, and played at the lecture given by Bennett J. Doty at the Community Center on March 19.

Entering the preliminary concert band contest at the Marshall High School on April 10, Morgan Park won first place, playing, "The Hungarian Comedy," and "Ballet Music" from Rosemund. In the final contest held at Crane Junior College, April 17, in which our band competed against bands of 135 pieces, they placed fifth in the entire city. Considering that our band numbers only 40 pieces, they have brought quite an honor to Empehi.

The latter part of the semester has been spent in preparation for the Marching Band Contest, May 29, followed by the Memorial Day parade, May 30.

On June 14, the annual Band Concert took place in the school auditorium. The ticket sales were backed by the Parent Teachers Association, which helped to make the concert. Proceeds are to be put toward a fund for equipping the band with the finest instruments available.

In preparing for next year's contests, Captain Hartle hopes to increase the membership to 70 or 80 pieces, which will make the largest band Empehi has ever had.

The success of our band this year is due to the untiring efforts of Captain Hartle, whose leadership has instilled the spirit of co-operation among the members.

THE JAZZ ORCHESTRA

By VERA PITKIN

During the school year of 1928-29, the Jazz Orchestra played for the socials, performed at assemblies and outside meetings, and furnished music before and after the regular monthly lecture in the Forum. At the beginning of the season, this organization thrived under the leadership of Averell Cole, banjoist. This group was then known as "Ave Cole and his Red Hot Cinders." The latter part of the year, Herbert Johnson, an able saxophone and clarinet player, devoted his time and lent his excellent musical ability to lead the orchestra to further success.

The pianist, Vera Jane Pitkin, is the first girl to hold this position for three consecutive semesters. She, and two other members of the orchestra, graduate in the June class. The year is closed—an eventful and interesting year. The membership roll is as follows: Roger Boylan, Averell Cole, Herbert Johnson, George Morgan, Vera Pitkin, and Billy Stapleton.

THE GIRLS' GLEE CLUB

By CARYL RATHJE

The Girls' Glee Club has always been one of the most active and most popular organizations at Morgan Park.

Last fall the girls worked very hard in the preparation of "Rain" by Curran, and Treharne's "Softly Oh Midnight Hours," which were the two contest numbers sung at the City Contest at Orchestra Hall, January 16, 1929. True to all expectations, they brought home the first place honors. They also helped the boys in the mixed chorus singing German's "O Peaceful Night" and "Morning" by Speaks. The chorus placed first in the chorus under 100.

This fall the Glee Club sang at the lecture given by the Count Felix Von Luckner, and on several other occasions. On one occasion, they sang so well that the Women's Club gave them five dollars with which to buy music.

After Christmas, work was started on the opera, "Jerry of Jericho Road." Under the skilled leadership of Miss Bell, the opera easily surpassed previous productions.

THE BOYS' GLEE CLUB

By CLAYTON STAFFORD

The musical organizations of the school have always been outstanding. The Boys' Glee Club has proved its worth in living up to this reputation.

On January 16, the boys went to Orchestra Hall and placed second in the city-wide Glee Club competition. Also, in conjunction with the Girls' Glee Club, they won first place in the mixed chorus. It was the first time the Boys' Glee Club had ever entered the competition with the exception of the mixed chorus. The Club has sung on several other occasions and has made a very creditable showing.

DRAMATICS

By JACK HALIDAY

Self-expression is one of the chief aims of education. Among all possible means to that end not one is capable of greater results than dramatic art. Amateur theatricals may not be a magic wand but training in dramatics is invaluable.

Not only the students but the people in the community have welcomed the opportunity to witness the plays that the Dramatic Club have presented. Two performances of "Hurry, Hurry, Hurry," and a performance of "The Robe of Wood," by John Golden, have marked the high points in this year's work of the club.

The course in dramatics and the production of the plays is under the competent direction of Mrs. Harriet Arthur Hecht.

This year's National and International Oratorical Contest, was also on the list of activities sponsored by the club. The prizes, a five dollar gold piece, presented by the De Walt Mechlin Chapter of the D. A. R., and the regular pin that the Dramatic Club presents each year, went to Willard Morton this year's winner.

The club also purchased a stage door and fireplace for the school, and presented a check for two hundred dollars to Miss Condit, to be used towards the purchase of a new rug for the social room.

"The Robe of Wood," a one act play by John Golden, was entered in the Chicago Drama League Contest, which was held at the Goodman Studio Theatre, May 31, 1929. This was the high school section of the Little Theatre Tournament.

"The Robe of Wood" won first place, receiving a silver cup and twenty-five dollars. The cast was excellent and the acting of a very superior grade. The honor of winning was still greater considering the high standing of the competitors.

ATHLETICS

THE "PEP" COMMITTEE

By EVERETT SMITH

June 1929 brings to a close the second successful year of the "Pep" Committee. This organization was formed for the purpose of giving proper support to the different athletic teams. Through speeches, part-programs in assemblies, and ticket-selling, the conflicts between our teams and our rivals have been made known throughout our school.

The committee is made up of seven students appointed as follows: Everett Smith to represent the boys of the school; Dorothy Lloyd, the girls; James Peebles, the Boys' Emblem Club; Marian Mingea, the Girls' Emblem Club; Frederick von Berner, the football team; Philip Mavon, the basketball teams; and Edgar Murray, the baseball team.

Due to the efforts of the committee, the attendance at all the athletic games has been increased by a good hundred per cent. Because of the loss by graduation of our cheer leaders, Charles Heineman, Frank Wymer, and Tom Shemaitis, the committee held another elimination contest to pick the best cheer-leaders in Morgan Park High School. The winners of this contest were Harold Zinc, Ralph Morgan, Robert Rummler, Eugene Grossman, and Robert Oury.

FOOTBALL

By GEORGE CHRISTIE

While the 1928 football season was not what could be termed a complete success, the team showed the characteristic fighting spirit of Morgan Park.

Three of the mainstays on the 1928 team were Captain Tommy Shemaitis, end; Vic Futcher, quarterback; and Bob Murray, center. Shemaitis, who completed his third season under Coach Peterson, was converted from a half-back to an end during the season. His work in this new position was very good. Futcher and Murray were both chosen by the coaches of the south section, for the all-south section eleven. Murray was presented with a gold football by the Hi-Y, who considered him the Most Valuable Man to his Team.

Nine regulars who received their M. P.'s in the 1928 season are graduating: Captain Tommy Shemaitis, Le Roy Phifer, Vic Futcher, Bob Murray, Frank Ruess, Tony Mrozek, Richard Bee, Bruce Ladd, and Harold Deadman. The only league game won by M. P. was the final contest, played on a muddy field against Calumet.

Top Row—Coach Peterson, S. Shemaitis, Hohmann, Futcher, Christensen, Bee, Ladd, Wallace, Deadman, Mrozek, Murray, Woerner, *Manager* von Berner.
Middle Row—Baker, Wilson, Reuss, Phifer, Cosgrove, Cauble, Rafferty, Kleinman, Smith, Keeham, Bingham.
Bottom Row—Grosscup, Stow, Harris, Guderyahn, *Captain* T. Shemaitis, Stephens, Duran, Hall, Abbott.

Baldwin Bingham was elected by his team-mates to captain the 1929 football squad.

Those who earned their major letters at the Emblem Club assembly are: Captain Tommy Shemaitis, Woerner, S. Smith, ends; Phifer, Ladd, tackles; Wallace, Hohman, Bee, guards; Murray, center; S. Shemaitis, Mrozek, fullbacks; Bingham, Rafferty, half-backs; and Futcher, quarter-back.

HEAVYWEIGHT BASKETBALL

By WILLARD JOHANNSEN

The 1928-'29 heavyweight basketball team started the league season by winning nine out of its ten practice games. Before a large crowd, Morgan Park won its first league game from Parker. Empehi won only one more game. Two ties, one with Bowen, the other with Parker, put the team out of the section competition.

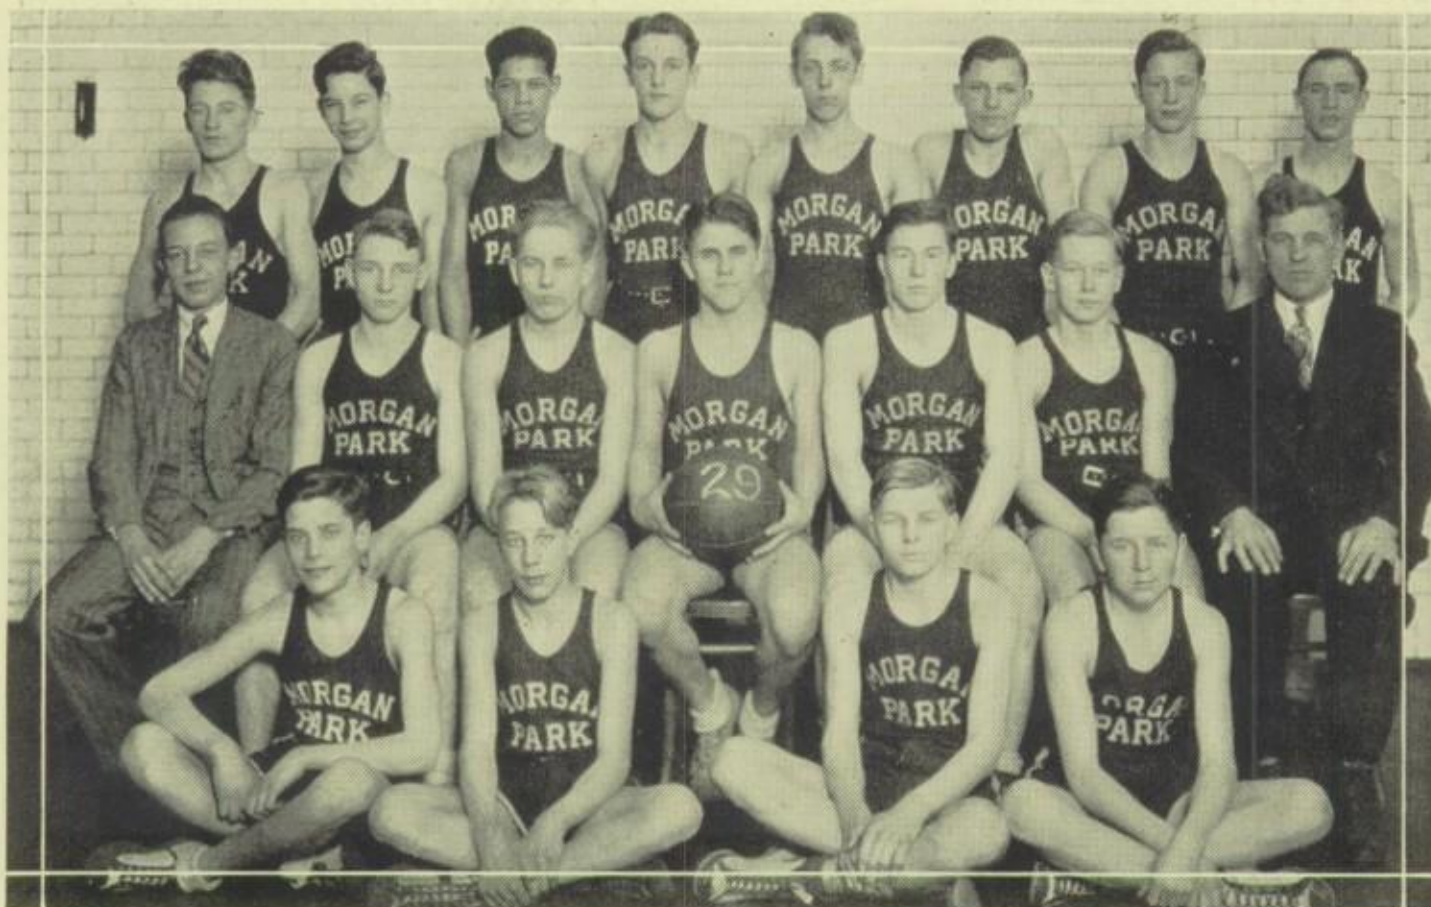

The team was built around the co-captains John Handbury, and John Winsor. John Winsor filled the center position, while Herb Winsor and John Handbury played at the forwards. Captain-elect Hemingway of the lights, played running guard for the heavyweights. John Rankaitis won his letter at the other guard position.

Several of the games that were lost, were due to the fact that Morgan Park had few substitutes. Minor letters for heavyweight players were awarded to James Peebles, Charles White, and William Bowman.

John Handbury was re-elected at the close of the season, to lead next year's team. John Rankaitis will be back for the whole of next year, while John Winsor, Herb Winsor, and Martin Hemingway will graduate in February, and therefore, may play football.

LIGHTWEIGHT BASKETBALL

By WILLARD JOHANNSEN

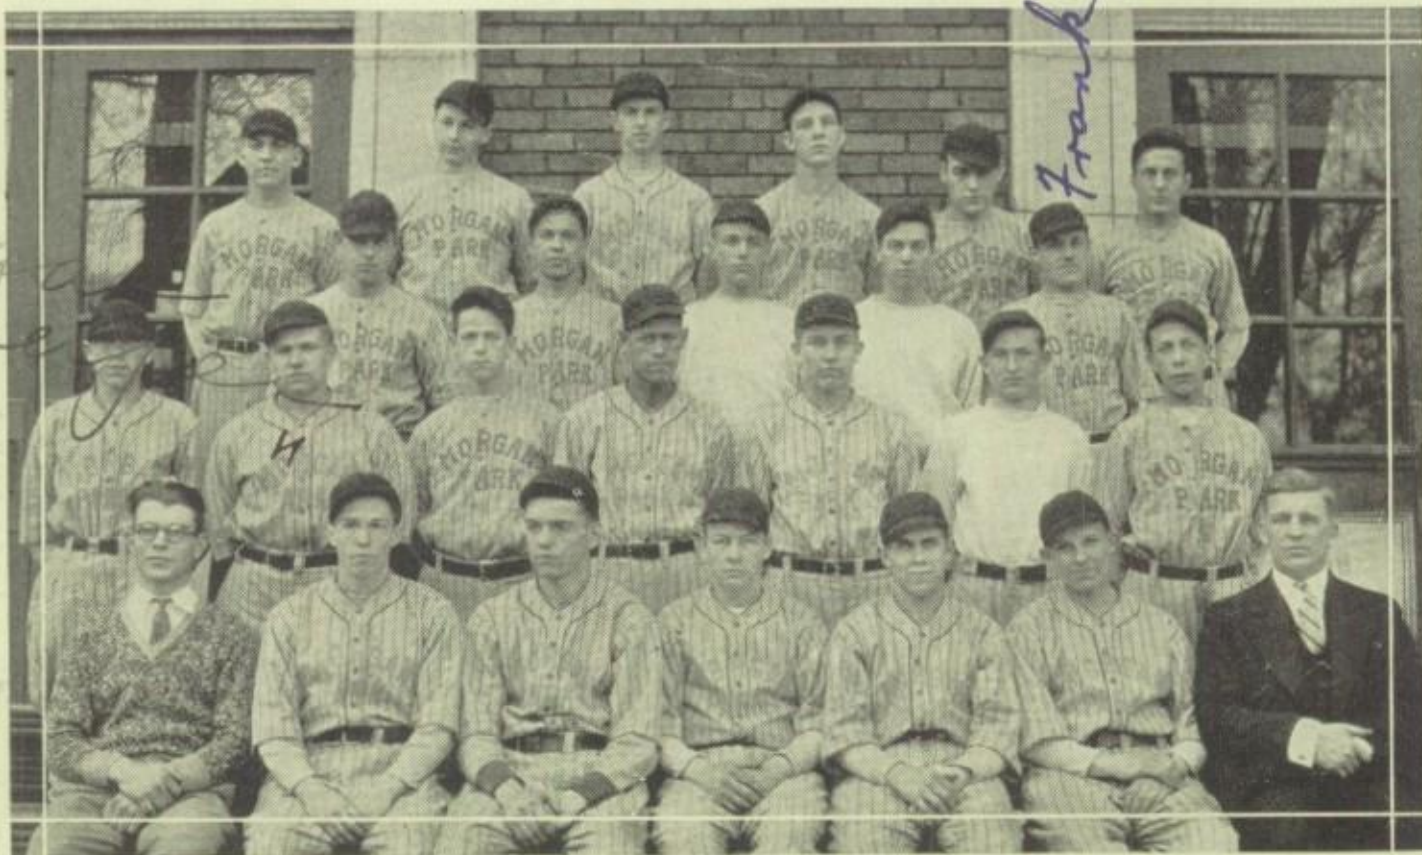

Starting the 1928-'29 lightweight season, with an entirely new team, Morgan Park did nothing of special merit in the south section. After having won seven out of nine practice games, they lost their first four league games. On the second trial against the south section school, Empehi won two out of four of the games. Three of the league games were lost by two points or less.

Major letters were awarded to Bernard Hauber, Jack Eichenberger, and Myron Pilbrow, forwards; Thomas Ellis, and Dick Kephart, centers; Edward Havey, Willard Johannsen, and Frank Henke, guards.

Captain-elect Martin Hemingway was over-weight, and so Edward Havey was elected to be captain of next year's team. During this year's league season, he played every minute of the thirty-two quarters. Myron Pilbrow is the only player to graduate this year, but because of the weight requirement, and graduation next February, Ellis, Hauber, Eichenberger, Kephart, and Henke will not play with next year's lightweight team.

BASEBALL

By EDGAR MURRAY

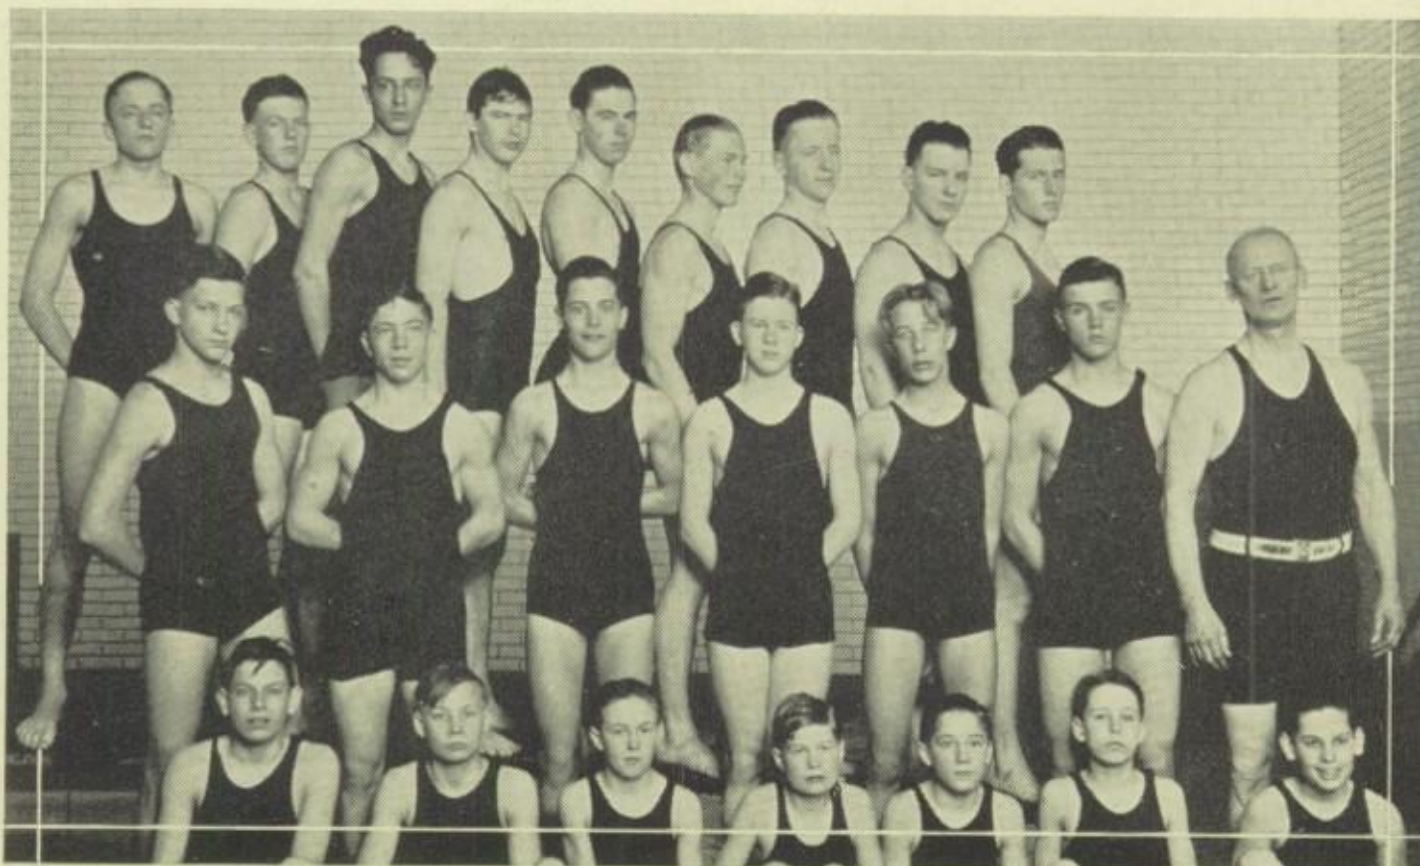

The other sport teams this year lost men by graduation and ineligibility, and the baseball team had their share.

There were only three letter men back to make a new team. They are Captain Christie, catcher; Clauter, shortstop; and Handbury at third. Victor Futcher and Bob Brookes were lost to the team because of the eight semester ruling.

The team has only a fair chance to win the section title this year with so many green men playing. The team is handicapped by not having a good dry field to practice on. The squad consists of: Captain Christie, Hauber, Clauter, Handbury, Grey, Duffy, and Todd, infielders; Anderson, Ellis, Kephart, Zitkus, Smith, Linderman, and Florence, pitchers; Murray, Toerper, Woerner, Krause, Havey, and Bingham, outfielders.

Last year the team got a slow start, but finished in good style. We won four games and lost four games, ending in third place in the league. The scores of last year's league games were:

Morgan Park.... 6	Parker	3	Parker forfeited to Morgan Park		
Morgan Park.... 0	Bowen	4	Morgan Park.... 4	Bowen	1

THE SWIMMING TEAM

By EUGENE COLEMAN

The splash squad of Empehi has completed another fairly successful season. Struggling under odds of ineligibility and mediocre material, out of five meets, they defeated Calumet twice, Hyde Park, and St. Leo. Their only defeat was credited to Calumet; Empehi was swamped that time. The second semester they were especially handicapped by the loss of Tom and Stan Shemaitis, Richard Bee, William Lee, Norman Silver, and the ineligibility of many junior and senior stars. Their loss was greatly felt by the team.

There was a poor turnout for practices, but it is very certain that there are many swimmers who should have been out for the team. Next fall, we hope, the aquatic defenders will have as successful a season as this last one. There will be many youthful aspirants then eligible for the juniors, and many junior stars will be doomed to hold down senior berths.

The Boy's Emblem Club, under the direction of Coach Peterson, is an organization composed of all boys, who have won major emblems in some field of sports. The purpose of the Club, is to promote clean athletics and fine sportsmanship in our school. The scholastic standing of the members of the various teams is looked after by certain members of this organization who warn the players in case of possible failure in a major subject.

The club sponsors such sports, as the alumni football, baseball and basketball games, and the interclass football, baseball, and track.

The advertising of Empehi, was successfully carried out during the last year by the sale of stickers, football, and basketball buttons. The profit of these, along with the profit of the athletic games, goes to pay for the equipment for the teams, and emblems, and numerals which are awarded at the close of each season.

The club urges all boys who are able, to turn out for some form of athletics and help keep our standing high in interscholastic sports.

Secretary

The Girls' Emblem Club is made up of the girls who have won their major letters in sports. Each one of these girls has made manifest her ability in at least one field of athletics by earning her emblem. It is the natural result of the high sporting caliber of the club's members that the Girls' Emblem Club should be the natural leader of all girls' athletics in school.

During the past year the club has been very active in promoting girls' organized athletics, and has sponsored interclass team tournaments in soccer, basketball, volleyball, track, and tennis, and a school tournament in tennis.

The girls who participated in these tournaments, not only became more skilled athletes, but also gained experience in the practical application of good sportsmanship. Since it is the desire of every girl to become at least a good sport, if not a skilled athlete, and since the Girls' Emblem Club has helped many girls in this respect, the club feels that the past year has been a successful and encouraging one.

THE EMPEHI SNOOZE

THE DISASTEROUS FINIS OF ANNIE

Bill Gorman's white and black Jersey Cow was struck and killed when she was attempting to cross at 110th street, by a Rock Island train.

This means bad luck for Bill, who runs a milk route every morning to pay his way through school. Several of the poor childrer in the neighborhood will have to drink Postum at their meals.

"Annie was a good cow," wailed Gorman covering his face with his lily-white hands "and I loved her dearly." Bill had let several shrieks when he saw his cow spread over five acres and a piece on every lamp post.

"Mare blood ran down the sewers," stated Mary Nell Bort when telling a group of friends of the incident.

The impact was so great that Annie's tail was knocked off and swung around the neck of Roger Boylan and would have strangled him, had not the engineer run up and cut it off with his Scout knife.

When interviewed Bill said, "I always reach for a Lucky instead of a sweet (Hence his boyish figure) although I'd run a mile for a Carmel."

Bill is one of these boys who eats oatmeal for dinner and uses Lifebuoy soap to wash with. You won't find many boys like Bill and it certainly is a shame that his life's work has been shattered on a railroad track.

ON RAISING MONEY

We decided to cel candee and peenuts and eskimo pies at basketball games so we cud make monee for the annual staff—I mean four the annual (its public casion) and so I thot it would B fun to cell cuz then I cud get in to the game Free and also eat all the stuff I wanted. However, things weren't lik they seamed cuz we were so bissie celling that I couldn't eat anything until bizness died down, but it didn't until everything wuz sold and so i couldn't eat nothing then. Well then i thought I'd watch the game but our facultie advisor, Miss milton (she is no relation to the famiss poit) told me to pick up the boxes 'n paper and other things which were scattered on the flor and after I did that the game wuz about ovur but i thought I could cee sum of it eneway but there were so many people in front of me that it was impossible. Sum one told me after the game wuz over what the score wuz cause I had no idea. The next week when I wuz asked to cell stuff i found too my great disappointment that i had to go home and practice my dancing lesson.

"Bern" Hauber: Ought one be punished for something he did not do?

Miss Milton: Indeed not.

"Bern": Well, I didn't do my math.

"The World's Greatest Banking System"

The Federal Reserve System has been referred to by leading economists as "the world's greatest banking system."

It divides the nation into twelve districts. The headquarters of each district is an important city where a Federal Reserve Bank is located. The banks are controlled by a Federal Reserve Board assisted by a Federal Advisory Council. This great banking system is well worthy of study by every student interested in financial subjects. All national banks are members of the system.

This institution, on April 15, became a national bank under supervision of the United States Government and therefore automatically a member of the Federal Reserve System. In savings deposits, this Bank ranks seventh in Chicago and first among all the banks south of the Loop.

They rang the FIRE BELL

AN old resident of a small southern city remembers when the bell on the village hall was rung to announce the arrival in town of a farmer with fresh meat.

Today this city is supplied with fresh meat through Swift & Company's nationwide car route system.

A network of "car routes" now carry direct refrigerator car shipments to retailers in thousands of smaller cities and towns throughout the country.

By this economical and efficient method of marketing, these towns are supplied with the same variety and quality of fresh meat and farm products as the largest cities.

Swift & Company's system of wholesale distribution serves retailers at a cost of less than five cents per dollar of sales. This is the lowest selling expense we know of in any line of business.

Our profit from all sources averages
only a fraction of a cent a pound

After Graduation

If your school days are over and you are seriously considering entering the business world, your first thought will be to align yourself with the right kind of an organization.

If you would like to associate and work with men who are guiding the destinies of one of the world's greatest industries, if you are interested in free educational advantages, if you would like to work for a firm that is quick to recognize and reward ability, talk the situation over at any time with our Employment Department, General Office, Union Stock Yards.
